

Compliance with Test Requirements – Chair Wall Mount

This is to confirm that the Ferno Chair Wall Mount has been successfully tested at the Cranfield Impact Centre of Cranfield Innovative Manufacturing Ltd UK, and has been shown to meet the following requirements:

CEN 1789 (BS EN 1789) paragraph(s) 4.5.9 and 5.4

This testing has covered the following component:

Part Number	Model Number	Descriptor:
60-4190-001	Chair Wall Mount	Chair secure lock mount

The device was tested with a F.A.S.T. Chair as a representative load.

This letter may be treated as notification that the Vehicle Certification Agency will be issuing certification/approvals/test reports in due course, covering those aspects identified above.

Should you require any further information/ clarification, please contact either Ferno UK limited or myself.
